## TWO GIRLS DISAPPEARED, POLICE ARE INVESTIGATING

They Were Both About Sixteen  
Years of Age and Great  
Friends

WENT ON TUESDAY NIGHT

Since Then Nothing Has Been  
Seen of Them—Families Are  
Distracted

Where are Flossie Johnston and  
Maggie Johnson?

To solve that problem two police  
forces, the city and the Mounted Pol-  
ice are hunting high and low for a clue  
as to their whereabouts.

The disappearance of the girls is  
most complete. Since Tuesday night  
nothing has been seen or heard of  
them and their respective parents are  
in a justly anxious state concerning  
them. The missing girls are in the  
neighborhood of sixteen years of age,  
Flossie being the daughter of Mr.  
Charles Johnston, of 803 Syndicate  
avenue, and Maggie the daughter of Mr.  
and Mrs. Iudri Johnson, 55 Kito  
street.

The last seen of Flossie Johnston  
by her father was when he left her  
at the Thistle Rink on Tuesday night  
with the intention of returning later  
in the evening and accompanying her  
home. In the interval Mr. Johnston  
played a friendly game of pool with  
an acquaintance, consequently turning  
up at the rink somewhat later than he  
at first intended, to find his daughter  
already departed. Naturally, he  
thought that his daughter had gone  
home with her friend, Maggie, so  
never dreamed for a minute that any-  
thing had gone wrong. Even when  
on his arrival at his home and finding  
his daughter had not arrived did he  
experience any alarm as he came to  
the conclusion that she was  
spending the night with her friend  
as she frequently did.

While Mr. Charles Johnston was  
thus satisfied as to the reason of his  
daughter's non-appearance, the par-  
ents of Maggie, counted on their  
daughter being the guest of Flossie for  
the night. So no anxiety was felt  
that night, nor was there in the morn-  
ing when both fathers went to their  
respective places of business.

It was in the evening of Wednesday  
that the parents of Maggie Johnston  
began to feel that something was  
wrong, and, on communicating with  
Mr. Charles Johnston, their suspicions  
were confirmed. The Mounted Pol-  
ice were then communicated with im-  
mediately and since then they have  
been on the still hunt.

The Mounted Police, when inter-  
viewed this morning stated that they  
had a pretty good idea of the where-  
abouts of the two, and intimated that  
possibly some outside agency was re-  
sponsible for their disappearance.

A conversation between the two  
girls is said to have been heard at  
the Thistle Rink on Tuesday night in  
which the two had decided that they  
would leave the city and in connec-  
tion with this the Mounted Police  
are trying to locate a man on whom  
it is said travelled to Calgary with  
them. They, however, don't put much  
reliance on the supposition that the  
girls have left the city.

When last seen Flossie Johnston  
was wearing a white waist and a white  
and black check skirt, and a large  
white hat. She also wore a wine-  
colored military cape. In stature she is  
about 5 feet 4 inches. Maggie John-  
son is somewhat shorter, being about  
5 feet in height. On Tuesday evening  
she wore a brown jersey and a red  
cap.

Flossie's mother is residing in Min-  
neapolis, and until recently she was  
staying with her, when she came to  
Edmonton to keep house for her father.

## GUN CLUB FORMED IN STRATHCONA

Arrangements Being Made for  
Clay Pigeon Range—Dr.  
Rutherford Patron

Under the patronage of Dr. Rutherford, ex-premier of Alberta, a gun club has been formed in Strathcona and a meeting was held last night to discuss the arrangements to be made for the clay pigeon range.

The officers are as follows: Patron, Dr. Rutherford; Hon. President, J. M. Douglas, M.P.; president, P. Bowen; vice president, C. M. Carey; secretary-treasurer, C. F. Downes. Management committee, J. Pollard, A. L. Brick and W. Jones.

There will be a meeting of the management committee on Saturday next.

## COMES TO ALBERTA FROM SOUTH AFRICA

Settler Comes Record Distance to  
Take up Land in This  
Province

To have come all the way from Johannesburg, South Africa, to take up land in Alberta, is a thing that does not often happen; but this has just been done by T. R. Linfield with his wife and two small children who arrived at the Immigration Hall, Strathcona, yesterday.

Linfield and his family started from Johannesburg in February last and have taken nearly five months to make the journey. At Cape Town, where he embarked for England, he found a coal strike going on, which delayed the sailing of his ship for a considerable time. At London, he found all the passengers for Canada booked for some time in advance and again had to wait until there was room.

When he arrived in Canada he went straight through to Vancouver, but could find no land to suit them there, that was not exorbitant in price, so he retraced his steps and has now come to Alberta to take up his land here.

Mr. T. S. Fraser, the immigration officer, said that he had had people from all parts of the world: Australia, New Zealand, South America, and from nearly every state in the Union. Only this morning a man arrived from Montana, who did not like the conditions there and thought that a better living could be made in far-famed Alberta.

### THE WEATHER

Thunderstorms have occurred in Manitoba, eastern Saskatchewan and Alberta, but the weather has been mostly fine. In Manitoba and most of Saskatchewan it has been decidedly warm. Temperatures of 90 degrees reported at many places.

Forecast—Fine and warm with some local showers.

## QUARREL FATAL FOR PEACEMAKER

Man Who Interfered in Fight in  
Lumber Camp Shot and  
Killed

SLAYER FLED TO BUSH

He Has Been Surrounded and  
Capture Is Only Matter  
of Hours

Perry Sound, June 17.—A quarrel attended with fatal results to the peacemaker, occurred at Footes Bay last night in a lumber camp. An Italian named Joseph Pisani became involved in a quarrel with a compatriot and Raphael Domensalo stepped between the two men to separate them. Pisani had a shot gun loaded with buckshot in his hand which was discharged and Domensalo received the greater part of the charge in his body, dying of the wounds. As soon as Domensalo fell, Pisani, still carrying the gun, fled and escaped into the bush. The bush has been surrounded and it is thought that his ultimate capture is only a matter of hours.

## "COME TO CANADA," SAYS EARL GREY

His Excellency Advises the Peo-  
ple of England to Visit This  
Country

LESSONS IN IMPERIALISM

Governor General Tells Them Im-  
perial Spirit Is Stronger  
Here Than in Britain

Bristol, June 17.—On Earl Grey's arrival yesterday he was immediately surrounded by a band of eager press men, but held his own against the fire of questions with frank good humor and subtle avoidance of controversial topics.

"I had a delightful voyage on a most comfortable ship," he said. "The development of Canada is going as strong as it can go. The Maritime provinces are as good for immigration as the northwest and the country's prospects were never brighter."

Continuing he said: "Why don't you come to that country. You can't understand it till you visit and see it. When you have visited it once you won't be happy until you have seen it a dozen times."

Earl Grey added that Canada was pleased with the present class of immigrants. He was finally asked about the imperial spirit in Canada and replied, "The imperial spirit is all right in Canada. Why, they are more imperial than you are. I wish you would come to Toronto and see an Empire Day celebration as I saw it. You would know what I mean. The people of Canada believe in themselves and their future as a part of Empire."

## MANY HARD HIT IN MANITOBA

Million Dollars Worth of United  
States Wireless Company  
Was Held There

Winnipeg, June 17.—The dispatch from New York that the United States Wireless Telegraph Company had been raided by United States government inspectors, as a swindling scheme has caused consternation here and in other parts of the province. It is estimated that over one million dollars' worth of stock is held by investors throughout Manitoba.

## MASONS NUMEROUS IN SASKATCHEWAN

Reports Presented at Grand  
Lodge Place Membership at  
Thirty-Five Hundred

Saskatoon, Sask., June 17.—The Masonic Grand Lodge in convention here elected its officers Saturday morning for the ensuing year. It was also decided that the convention be held next year in Regina owing to the fact that the Dominion Fair will be held at that city.

The Grand Master's address showed that the Masonic Order has made excellent progress during the past year and there is now a grand total of 76 lodges with an approximate membership of 3500 in the province.

## TWO NEW STATES IN THE REPUBLIC

State Rights Have Been Granted  
By Congress to Arizona and  
New Mexico

Washington, June 17.—The Senate yesterday passed a bill granting statehood to Arizona and New Mexico. The conference report on the railway bill was taken up, but action was postponed until today. Senator Kilgore in explaining the measure as agreed upon by the conference said it was substantially as recommended by the president.

## PEACE CENTENARY NINETEEN FIFTEEN

Celebration to Be Held on the Ni-  
agara Frontier Is Postponed  
Three Years

Niagara Falls, Ont., June 17.—The centenary of peace on the Niagara frontier will be celebrated in 1915, not in 1912, as was first suggested. The committee representative of the various activities on the frontier which has taken the initiative in the project met last night and came to the decision The peace was signed on Christmas Eve, 1814.

INCREASE IN CAPITAL  
London, June 17.—Owing to the strong Canadian demand for loans at remunerative rates the North Scotland Canadian Mortgage Company is increasing its capital to \$7,000,000.

## ALBERTA TOWN HAS BIG FIRE

Stable, Ten Thousand Dollar  
Dwelling House and Hotel  
Destroyed in Irvine

Irvine, Alb., June 17.—The worst fire in the history of Irvine broke out this morning, threatening to destroy the whole town. The Alberian stable, where the fire started, was completely gutted. About 40 horses were killed and a \$20,000 dwelling house destroyed. The Alberia Hotel was completely gutted at one end.

## W. O. KING KEEPS UP HIS SPIRITS

Mounted Police Are Taking no  
Chances of Condemned Man  
Getting Away

While Detective Sergeant Nicholson was at Fort Saskatchewan recently W. O. King, the murderer under sentence of death asked to see him. Sergeant Nicholson refused to see him, but he made a confession, but it turned out that the condemned man did not wish to see him for any particular reason. The sergeant found King in his usual good spirits notwithstanding the fact that he is confined in the death cell, shackled to his cot and the key holes are plugged with lead. A death watch is kept over him continually.

Messrs. Phelan and Batson have secured the contract for the erection of Ross Bros.' new four-story warehouse on the corner of Third street and Athabasca avenue.

## LIBERATED LIONS BROWSE IN CATNIP

Circus Caravan Was in Railway  
Wreck and Menagerie Spread  
Over Country

ELEPHANT TOOK A BATH

No One Was Hurt, But Farmers  
in Locality Had a Pretty  
Bad Scare

Elisburg, Pa., June 17.—Wild animals from a circus were liberated today by the heavy wagon axle striking a girder of a low bridge as the train was rushed from this place to Gallatin on the Pennsylvania Railroad. Three cars were derailed and three wagon cars were demolished.

Great excitement was created in the neighborhood and the frightened farmers refused to aid in the round up of the menagerie. All were captured. An elephant was found by the circus at a creek a short distance from the wreck spraying water over his back. Lions browsing in catnip that grew alongside the railroad were lassoed and led tamely away. One hyena was shot and ibex was returned to a farmer by a farmer boy who found it along the road.

## COMMISSIONERS PROMISE US CLEAR WATER NEXT MONDAY

ALL BODIES ARE  
NOT YET GOT OUT  
Five Still Believed to Be Buried  
in Ruins of the Herald  
Building

REPAIRING WHOLE PLANT

Montreal, June 17.—Up to midnight twenty-seven bodies had been taken from the ruins of the Herald building. Of these five have not yet been identified, three men and two girls. The work of removing the debris is proceeding slowly and it will probably be a week before it is finished and the full death toll accurately ascertained. According to the official list there should be five bodies still undiscovered.

## DEAF AND DUMB MAN A PROBLEM

Makes Periodical Visits to the  
Immigration Hall, But Tells  
Nothing

CAME FROM WASHINGTON

No Easy Problem for Officials to  
Find Employment for the  
Unfortunate Man

A deaf and dumb man who makes a periodical visit at the Immigration Hall and registers each time with the flourish and formality of a guest at government house, made his regular call at the hall this morning. This particular deaf and dumb man has a rock-strewn road to travel and his bed is not by any means one of roses.

M. J. McMurchy, like the majority of deaf and dumb men, is endowed freely with the gift of keeping his business to himself, not that he cannot make it known, because he writes an unusually good hand and can converse fluently on his fingers which art is also an accomplishment of the immigration agent. The authorities have tried to elicit from the man information concerning himself, but he smoothly evades the questions put to him. All they have succeeded in finding out is that he comes from the state of Washington and that he was permitted to enter the country by the immigration officers on the border.

He made it known that his father was in fairly good circumstances financially and when he was asked why he didn't remain with his father, he would not reply, which caused the officer questioning him to believe that there has been a domestic row and that this unfortunate individual has been turned loose to paddle his own canoe.

This is the man's third appearance, his absence in each case being for a period of about fifteen days. He worked for awhile on the G. T. P. construction gang. The authorities have a problem to solve in order to provide properly for him.

## INDIANS WANTED TO BE IN FAIR

They Asked Authorities at Por-  
tage La Prairie for Space  
in Exhibition

Portage La Prairie, June 17.—The largest gathering of Indians ever held in Manitoba will be held at Portage La Prairie on July 17th and will continue for six days, the same date as the annual fair. This is not by invitation of the fair authorities, but a deputation of the Sioux tribe recently waited on them, asked permission to have a place allotted for them inside the grounds and to be given police protection. The request was granted and the invitations have been sent to the tribes.

### CANADIAN'S SUCCESS

London, June 17.—Miss Beatrice Palmer, a Canadian singer, has signed an engagement with the Behnemann Company of London, and will sing at His Majesty's Theatre this season and later at Covent Gardens.

Work of Installing Auxiliary  
Pump is Going on Night  
and Day

REPAIRING WHOLE PLANT

Work Will Be Done by the City  
and Charged up to the  
Company

That the filtration tank will be in working order by next Monday at the latest was the welcome intelligence handed out at the commissioners' offices this morning. All last night and this morning work was being done on the small engine that is to pump the water from the sedimentation basin to the filtration tank. It ought to be in working order tonight, and then in a day or two clear water ought to be coming from that tap once more.

Work will be started tomorrow morning to put the filtration plant as a whole in a state of efficiency at which it should be. In this connection Commissioner Bouillon sent the following telegram to the Roberts Filter Manufacturing company of Philadelphia, the firm that installed Edmonton's plant:

"Referring to our recent correspondence, public necessity requires immediate repairs and the betterment of the filtration plant. Unless we receive your instructions to the contrary by return wire, we shall proceed with the work on Saturday morning, June eighteenth. We will keep an account of all costs incurred, relying upon a fair settlement between us."

No answer has been received yet, and if none is received by tomorrow morning, the work of reconstruction will be proceeded with immediately.

## REVOLUTION IS GAINING FORCE

Armed Political Movement Is  
Spreading to All Parts of  
Nicaraguan Republic

Washington, June 17.—The revolution in Nicaragua is spreading throughout the country. Word has reached the state department that the revolution is manifesting itself in parts of the republic other than those controlled by Estrada. According to advice from Managua the report is current that armed revolutionaries are greatly increasing in number in the vicinity of Granada and also are evident in western Nicaragua.

## CROWD NEW YORK TO WELCOME T. O'R.

From Fifteen to Twenty Thou-  
sand Will Be in Line Next  
Saturday

New York, June 17.—Secretary Cosby of the Roosevelt reception committee estimates that between 15,000 and 20,000 persons, comprising local and visiting organizations, will be in line along Fifth avenue tomorrow afternoon at the time of the parade in honor of Theodore Roosevelt's return. R. A. C. Smith, chairman of the harbor display committee, places the estimate of boats at something over 100.

Many of the organizations will be in uniform or will wear some insignia of their order, and nearly all will have bands. To each organization comprising more than 100 persons, a block has been assigned on Fifth avenue. Many will carry Roosevelt flags and other society flags and the national emblem. They will not march, but will stand in their places as Col. Roosevelt, the rough riders, and other Spanish war veterans go past.

**THE LEGALITY OF THE LIEUTENANT-GOVERNOR'S COURSE**

Vermilion, June 14, 1910.

Editor Capital:

Sir,—Just a line asking your explanation as to the legality of the Lieutenant-Governor's course in calling on Premier Sifton to form a cabinet without first bringing the matter before the members of the house. Would you kindly explain the above thoroughly in your next issue and oblige.

A VOTER.

When the sovereign or the sovereign's representative loses his first minister, by death or resignation, it is his duty to secure some one to take the vacant post immediately. He has to depend solely on his own judgment in making the selection. But in doing so, he should have reasonable assurance that the man whom he chooses is able to command the support of a majority of the members of the legislative body. Where party lines are strictly drawn his task is an easy one. Where the premier resigns because of defeat in a general election or through an adverse vote in the House, the Crown immediately calls on the leader of the opposition to form a government.

But the situation which confronted Lieutenant-Governor Duley was an exceptional one. Mr. Rutherford resigned because he deemed a reorganization was advisable in the interests of the province and the party. But he had not been defeated. In test votes that had been taken, it was shown that he had a majority of the members of the House supporting him. Under these circumstances, there was but one course for the Lieutenant-Governor to do, and that was to make inquiry and to find out what leader the majority wished to follow. His Honor, by virtue of his office, is prohibited from taking part in any controversy that his acts give rise to. Therefore we are not aware of the exact course which he pursued in looking for a successor to Mr. Rutherford but there is every reason to believe that it was that which we have indicated. Certainly a majority of the members immediately expressed themselves as loyal followers of the premier, and this being the case there can be no doubt about the correctness of the Lieutenant-Governor's action in calling upon him.

"A Voter" asks if he should not first have brought the matter before the House. There is absolutely no constitutional means by which this could be done. A Legislature under the British form of government cannot do business without a first minister. If he has not its confidence, it can indicate this immediately by a vote, which will force his resignation. But he must first of all face it. Mr. Sifton, not having a seat in the legislature, it was necessary to give him time to secure one. Prorogation accordingly took place and the House will reassemble after he has had a chance to appeal to a constituency, which he is doing in Vermilion.

The whole proceedings are strictly in accordance with constitutional practice as well as with the dictates of common-sense, which fortunately, are a very strong factor in all our constitutional arrangements. Whenever the representative of the King takes unusual action which is made necessary by unusual circumstances, a cry goes up from those who are ever on the lookout for a chance to make party capital, that his action has been irregular. But we should not forget that the main reason why it is desirable to have a man of intelligence and integrity in the post is that in times of crisis and uncertainty he may act with that tact and good sense which will ensure the least possible disturbance in administration. Under our form of government, he cannot be a mere automaton.

**MR. CUSHING AND HIS TRIP**

The Edmonton Capital is the same fair-minded journal that marvelled because Mr. Cushing went east just before the opening session of the commission, though he was not wanted at that time. Now that it is all over, the Edmonton Capital marvels be-

cause Mr. Cushing is taking a summer trip to Europe. The Capital need not worry. Mr. Cushing is likely to be here as long as the Edmonton Capital, and will be ready when called upon.—Calgary Albertan.

The Capital has no recollection of commenting in any way on Mr. Cushing's trip east before the commission. It has commented upon his trip to Europe for a reason which the Albertan does not mention. We could hardly help expressing wonder that a man who has been so free in casting aspersions on the characters of other people, though not prepared to make any definite charge against them, should go away to Europe without having been expressing the wonder that "people who live in glass houses should not throw stones." On the floor of the House in the last session Mr. Cushing in biblical language talked of the eagles gathering about the carcass, having direct reference to the visit of certain government officials to New York when the Waterways Railway bond money was being paid over. Now it is alleged that he received \$2500 from a structural steel firm at Walkerville who had contracts for materials for the parliament buildings. Mr. Cushing says he borrowed the money. The Capital gathers from the public records statements which give the very strong impression that the government was called upon to pay Mr. Cushing \$8 per day for the time he was in the east last year attending the convention of the Layman's Missionary Movement. It looks as though another Royal Commission will be necessary when the Waterways affair is closed up to investigate the administration of the Public Works Department during the regime of the former minister.

**What Others Say****POSSIBILITIES IN GLEICHEN**

(Strathmore Standard)

Dame Rumor is busy at present regarding the candidates for the provincial election caused by the resignation of Mr. E. H. Riley. It is conceded that Mr. Riley will be opposed by a supporter of the new government and also by a Conservative. Mr. Emilie Griesbach has already expressed his willingness to run as an independent. Mr. James Shoultice says he may run as a Conservative, but wants time to consider. P. J. Nolan may be the government candidate, but it is more likely some farmer or rancher will be induced to run. A number of names have been suggested, prominent among them being Messrs. W. Campbell and John Clark, jr., but it is not known whether these men will accept. Dr. Ings of Calgary is also mentioned as a possible Conservative candidate.

The only one of these mentioned who has made any definite move is Mr. Emilie Griesbach, who was in Strathmore on Thursday to see if he could find out the feeling of the constituency.

It has been said that Mr. Riley may be run as a Conservative candidate, but that is merely conjecture. The date of the election has not yet been fixed, but it is thought that it will not be brought off till the end of August.

**CALGARY HUMOR**

(Calgary Albertan)

The publicity about the city of Edmonton has all others beaten many miles in aggressive campaigning. At the beginning of his publicity literature for the current season he announces in very large and conspicuous manner that Edmonton has more hangings per annum than any other city of its size in North America.

**THE CROP OUTLOOK**

But little chance is recorded this week in either the grain or the live stock market. The weather has been excessively hot throughout Alberta. From many districts the lack of moisture is causing anxiety. The Alberta Pacific Elevator Company at Calgary received reports from its agents at the end of last week. The company's statement based on these is that the crop will average as well as it has in the last five or six years but that it will be spotted, very large in some places and very small in others. This is due to the lack of rainfall in some places. A large part of the winter wheat all over the province has had to be reseeded owing to the dry spring. North of Didsbury, however, the winter wheat has done fine. In the district around Carmangay, Claresholm, Macleod and Lethbridge and 75 miles further east toward Medicine Hat rainfall is urgently needed.

The following is a report from each district:  
Strathmore—Present condition of the crop fair; rather dry; 1/4 inches rainfall in month; 95 per cent. winter wheat reseeded.  
Provost—Present conditions good; very little rain.  
Lougheed—Conditions good; three or four inches of rain in last month.  
Beiseker—Conditions fair; 1/2 inches rain in last month.  
Cluny—Fair conditions, dry; early sown grain growing very slowly and later sown grain hardly up.  
Alix—Conditions splendid; about two inches rain.  
Cayley—Fair; 90 per cent. fall wheat dried out; other crops in fairly good condition though badly in need of moisture.  
Carmangay—Crops at standstill owing to dry weather, though surrounding country has had more or less rain.  
Camrose—Very fair.  
Magrath—Splendid.  
Olde—Plenty of rain and conditions splendid.  
Red Deer—Good.  
Crossfield—Good.  
Didsbury—Good.  
Maple Creek—Good.  
Innisfail—Fair, more rain would help.  
Brickett—Never better.  
Cardston—All growing grain in splendid condition with steady growth, fall wheat exceptionally good.  
Okotoks—Only fair.  
Strome—Good.  
Killam—Crop conditions good on new land; also on last year's breaking put in on the stubble.  
Erskine—Good.  
Gadsby—Crops not first class because of need of rain.  
Cheadle—Fair.  
Raymond—Generally all crops looking fair. One fifth of fall wheat re-sown.

**GOOSE STEP ABOLISHED**

One of the most cherished institutions of the German army, the famous "goose step" has been sent to the limbo of things that were.

This ceremonial step which has amused, not to say amazed, every visitor to Germany who has seen a German infantry regiment march past a receiving officer, was introduced by King Frederick William, and has been a distinguishing mark of German marching soldiers ever since. Now the Kaiser has decided that the goose step is neither ornamental, nor useful and foot stamping and knee action are prohibited by the new regulation which forbids the German soldier "to raise the foot higher than is necessary to take a correct pace, or to place it on the ground with unnecessary force."

It is safe to say that many a veteran of the Kaiser's army will violate this regulation incontinently for a long time to come.

## FROST AND WOOD

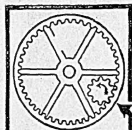

### Mowers and Rakes

Have no equal in Canada to-day. They are built by a firm that has successfully catered to the Canadian farmer for over 70 years and you certainly benefit much when you buy any Frost and Wood implement, because it has all that vast experience built into it. Read about these Mowers and Rakes then write to our Western Agents for a Catalogue and further particulars. Better still, go and see their nearest dealer.

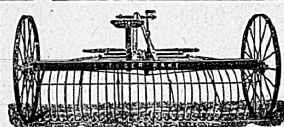

FROST and WOOD No. 8 MOWER

SPACE prevents us giving all the good points, so we urge you to write for our Catalogue if you are thinking of buying a reliable Mower. Ours are built in various sizes from 3 ft. 6 in. cut to a 7 ft. cut. You will notice that the small gear wheel is inside the large one on what is called the Internal Gear principle. Both these wheels travel in the same direction. Now, on most Mowers the gears are arranged exactly opposite, the small gear wheel being on the outside. This is a decidedly bad feature, because the wheels work one against the other, causing a great amount of friction, wearing down the cogs and eventually a loose connection. You can easily prove the superiority of the Internal Gear principle for as soon as you drop the bar and start the knives begin cutting. There is no lost motion, no jerks, no backing up—the action is immediate. Our Mower is liberally supplied with Roller Bearings—ensuring long life and light draft. It is made of first-class materials and put together by expert workmen. Let us send you the whole story to read at home—free.

This illustrates our popular Tiger Rake, which is built in three sizes, 8 ft., 24 teeth; 9 ft., 28 teeth; 10 ft., 30 teeth. With the exception of guide board and shafts it is made entirely of steel and is therefore very strong and light.

FROST and WOOD RAKES

It has an automatic Foot Dump, so that there is absolutely no labor required to operate it, the horse or horses doing all the work. Another exclusive feature is our new automatic locking device for holding the teeth up when the Rake is not in use. We bend the teeth from a special quality of spring steel, temper them thoroughly, so that they are well equipped to stand all strains. The Rakes are equipped with under-cleaners unless otherwise ordered. The 9 ft. and 10 ft. Rakes are equipped with combination Pole and Shafts and supplied with steel wheels only. 8 ft. Rakes can be shipped with wood wheels if required. Write for our Catalogue and go over our whole line of Rakes; we know we have just what you want.

### USES SCULPTURE IN PROPOGANDA

Prominent French Artist Is a Socialist and Preaches Through His Art

#### HE IS SELF-TAUGHT MAN

But Although Still Under Thirty He Has Done Some Splendid Work

Paris, June 17.—Emile Derre, the famous Socialist sculptor, has used his art as a means of preaching the doctrine of Socialism. Each political movement in France is always followed by a change in the character of the art works exhibited at the salons and exhibitions. One might almost say each party has its workers who reproduce in paintings and sculpture the ideas and big movements of the moment. Immediately after the revolution the chief subjects for the painters were war, its horrors, and the ghastly scenes connected with it.

Derre conveys in his great piece of sculpture "Prehistoric Man" a feeling that savagery and the untamed passions of the lower animals prevail without any restrictions. By the comparison of this type with the man of today one realizes the great advance in the social system.

Derre's belief is that art should be beautiful.

"But how shall we best serve the cause of beauty?" said the young enthusiast. "My ideal of beauty is harmony and happiness—not for the few but for all." The betterment of the lower classes can only be obtained by causing people to think. If they give their mind towards bringing about a better social condition I claim they serve the great cause of beauty far better than a faithful reproduction of a ratin gown, sparkling jewels and other useless luxuries."

Derre is self-taught and while still under 30 he has done some masterly work, one of the strongest of his productions perhaps being his statue of Marat. He has also made numerous busts of the leading men who have advanced the cause of Socialism as well as those who have occupied more or less important posts in the French government.

#### PATENT NEW DEVICES.

The world will never lack inventors. Last year in England over 30,000 people were busy applying for patents. Chief among the subjects dealt with were aeroplanes, sour milk, and roller skates; whilst even the points of ladies' hats did not escape the vigilance of the inventive mind. In motorizing, attention was directed to audible and visible warnings of excess speed. Machinery steadily encroaches on hand work in the boot trade; new fireguards follow the more numerous than ever; and there was quite a glut of devices relating to roller skates.

Women inventors numbered 648, or seventy-six more than in the previous year. Many of the inventions submitted were useless, for, out of 30,603 patents applied for, only 1,565 were granted.

### WHO ARE BEST NEW PLAYERS?

Every Big League Club Has at Least One New Star—Ford Is a Wonder

Who are the best new baseball players of the season? There aren't many, but several of them stand out prominently. The New York Americans have three who have created something of a stir—Pitchers Ford and Vaughan and Shortstop Roach. The last is named by the way, came into the game unheralded and without the usual boasting that a new player usually receives in the big league. He has earned his reputation by sheer ability. Flynn, the Pittsburgh first baseman, has jumped to the front, while Brooklyn has brought out two promising men in Daubert, the first baseman, and T. Smith. Catcher Ervin is another new Brooklynite who is doing well. Suggs, the Cincinnati pitcher, who although he has done big league work before, is one of the seasons' new-comers, who is showing up well. He wasn't beaten until he tackled New York. Powell, the Pittsburgh pitcher, also made a good start. Among the other new-comers who are showing good indications, despite their newness on the major circuit, are: Hauser, the St. Louis shortstop; Frock, the Boston National League, Simmon, the Detroit first baseman; Browning, the Detroit pitcher; Chick Grandil of the Chicago White Sox; Stremmel of the St. Louis Americans; and Pitcher Druecke of the New York Giants.

### BLACK MAN'S SPREE DIDN'T LAST LONG

Was Too Free With Revolver and Was Strung up on Telegraph Pole

Durant, Mich., June 17.—After he had run amuck with a shot gun and attempted to kill three white men, Otto Mitchell, a negro, was lynched by the citizens. "Shouting that he would 'Clean up the town,' the negro, who had been drinking, staggered down the principal business street, firing at random. Night Watchman Kasey, at whom the negro fired, fatally wounded Mitchell. Hardly had the negro fired when he was seized by citizens, taken to a telegraph pole, and hanged.

#### SETTLERS BUY FREELY

Lands Near Indian Reserve in South Saskatchewan Sold

Brookview, June 17.—Twenty thousand acres of land surrendered by Indians came under the hammer yesterday. The farmers and actual settlers were buying freely. Prices ranged from \$5.50 to \$16. The total proceeds of the sales were over \$200,000.

### BEST HOSTESSES IN EUROPE

The King of Sweden and his pretty daughter-in-law, who was Princess Margaret of Connaught, have been described as "perfect chums" and are almost inseparable when they are both at Stockholm. Every morning the two walk for at least an hour in the beautiful gardens of the royal palace, and His Majesty has been heard to declare that he often consults her upon state matters.

With the Queen of Sweden in indifferent health, it has developed upon the crown princess to do a larger amount of entertaining than would otherwise have been the case, and her father-in-law declares that she is the best hostess in Europe. Certainly she presides over large gatherings with rare tact and distinction.

### Coeeducational Advantages

"Coeducation is a good thing. The boy gets his study and his courting finished simultaneously and is then

ready for work."

"Just so. While the girl can save dad lots of money by marrying in her graduating gown."—Washington Herald.

## MANY CANCEL FIGHT TICKETS

Richard Says Bout Will Take Place in Reno, Nev., July 4th—Will Suffer Heavy Loss

San Francisco, June 17.—If the court grants an injunction here, I leave for Reno on Sunday morning and will immediately commence the erection of an arena there Richard said. "My attorneys have advised me not to buck the governor and attorney general. But I have agreed to wait until Saturday. It is a bitter pill for me and a heavy loss, but I will take my medicine and keep my word to pull off the fight if it is the last thing I do." For once Richard was "right sick" and he did not get up. While not yet ready to announce, the promoter virtually admitted that the fight would take place at Reno.

Richard continued as follows: "Once for all I want to remove all fear that Jeffries and Johnson will not meet in the ring on July 4. There need be no cancellation of trains or tickets. Those who intended coming to San Francisco can come as planned and feel assured that they will see the fight." The statement of Richard was made soon after Southern Pacific officials advised the promoter that six special fight trains had been cancelled during the day. Richard was greatly agitated by this information and also over the fact that many orders are being received to cancel or resell fight tickets.

### CAN'T FIGHT IN UTAH

Salt Lake, Utah, June 17.—The agreement to bring the Jeffries-Johnson contest to this city received a setback today when Governor Spry positively announced he saw no reason to change his former view that it could not be held in this state.

## IMMIGRATION LAW RIGIDLY ENFORCED

Manufacturing Firm Thinks It Has Real Grievance Against the Government

### PAID FARES TO CANADA

But Because Men Were Assisted Mechanics They Were Sent Back to England

Paris, Ont., June 17.—There is considerable comment here on the circumstances of the deportation of hosiery workers who were brought to Canada by a local manufacturing firm. The men had been picked out as skilled hands by a representative sent to England and their fares paid to Paris. The matter of deportation was taken up by the firm and every effort possible made to have the party sent through. The returned \$25 was offered for each man, but the department at Ottawa was obdurate and would not move. The fact of the scarcity of special help, that these people were all assisted work, that the passage was paid to Paris, and that the request would be sent were all laid before the Ottawa authorities, but nothing was done.

### MILITARY MAN DEAD

Montreal, June 17.—Lieutenant-Col. Ibbotson, of the First Royal Scots Regiment, died here after a long illness.

### MODERN MIRACLES.

At Sunderland, England, recently, there was a religious convention attended by believers in faith healing and the speedy coming of the millennium. Pastor Nibloch, a German visitor, told remarkable tales of his himself.

"When in India recently," he said, "I trod on a cobra. It bit me, but to the amazement of the natives it had absolutely no effect. I was protected by the spirit of God. On one occasion I drank water taken from India's sacred river, the Ganges. Millions of pilgrims with every disease had bathed in it, but I suffered no effects. Of course," he added, "I took the precaution to have the water boiled."

"Every morning," he continued, "I fill myself with the spirit of God, until my nerves tingle. I cannot be harmed."

## NEW BLOOD IN HUDSON BAY CO.

Additions to Directorate, to Be Announced Soon, Means More Energetic Administration

London, June 17.—The forecasted changes in the Hudson Bay board will be officially announced this week. Some rumors are to the effect that the re-organization has been brought about by E. Guy Kidnath, of George Kitchen & Co., who has been working for years to secure a more progressive administration. From all accounts there will be a general re-organization and an immense saving in the course of time. Lord Strathcona remains in office. There are over 400 shareholders of the Hudson Bay, many of whom are in Canada.

### LUCKY MAN

There was a girl in our town Who filled her tailor suits, Her eyes were blue, her hair was brown; She'd say, "Let's shoot the chutes!" When she was with a youth she liked, And then she screamed with fright The while the chutes downward

huk— So he would hold her tight. There was another girl in town, She was the best of cooks; Her eyes were blue, her hair was brown. She was a peach for looks! And yet the boys besieged the one, Who'd always shoot the chutes. The girl who cooked could have no fun—

Oh, how young men love the brutes! The fluffy girl is married now; She doesn't seem so "cute" Care sits upon her husband's brow— He hates that huggy chut! A garçonne-faced chap now has wed That nice girl who could cook. Friend, you should have a level head No matter how you look. You want the moral? Listen, then: It's yours—to leave or pluck— You've heard it oft: "If ugly men Seem to have all the luck."

### CHAVED FAMOUS MEN

The death is announced at the age of 73 of Mr. John Carter, to whose baronetcy by Thomas the role of London's in the days when Henry VIII. reigned, came each day jammers K.C.'s and judges of the high court. All the great men of law for close on half a century, went to Mr. Carter for hair-cutting and shaving, for chiropody, and to have their hats ironed. He was the hairdresser who first had hair brushed by machinery, and he would never employ an assistant who was not an Englishman. Mr. Asquith, when he was practicing at the law courts, was a customer of Mr. Carter's, while two of the most constant visitors have been Sir Edward Carson and Sir Edward Clarke. In the old days Sir Frank Hawkins, and Mr. Webster were frequent visitors.

**WEIGHTY MAGISTRATE**—There has recently died in France a remarkable justice of the peace, M. Rolland, who was said to be the heaviest and stoutest man in the world. He weighed about 560 pounds, his height being five feet two inches. The back of his body was such that he could not go about on foot or travel by carriage or rail.

To go from his home to the bench he was obliged to use a strong, heavy bath-chair. The back of the conveyance had to be tilted upright, the magistrate leaning against it. The vehicle and its occupant was then brought to an almost horizontal position, and drawn by a vigorous man to the court.

### THE LONG FAREWELL.

She was one of those very gushing, effusive ladies who occasionally infest newspaper offices, and she had been admitted into the sanctum of the managing editor of the paper on which Homer Davenport was cartoonist. Mr. Davenport was in the room at the time. When the time came for her departure she first grasped the hand of the manager editor, saying: "Good-by, Mr. Niles, good-by!"

Then, turning to the assistant managing editor, she also shook him effusively by the hand, exclaiming: "Good-by, Mr. Bliss, good-by!" Davenport came next. "Good-by, Mr. Bliss, good-by!" "There was no escape for him," "Dear Mr. Davenport, good-by!" she cried with all the delicate shading of a tragedy queen.

There was silence for a moment after she had gone. Then Davenport found his voice. "Where is she going?" he asked. "Up to Ninety-third street," replied the assistant managing editor. "Suffering cuts?" drawled Davenport. "What would have happened if she had been going to One Hundred and Twenty-fifth street?"—Saturday Evening Post.

## RESULTS OF TRIAL SPORTS, SOME GOOD TIME WAS MADE

### Farney and Decoteau Ran Splendid Races—Field Events Were Well Divided—Choose Team To-Field

The trial sports held at the Exhibition grounds last evening were well attended by over 500 people, and nearly twice that number of tickets were sold around town. The players hand was on hand and vied with clerk of the course J. Clarke for the music championships. The track and field events were run off concurrently, the crowd on the field not adding to the enjoyment of those in the grand stand. There never has been a meet in Edmonton where the people were kept out of the centre enclosure and probably it is useless to hope for anything else.

The committee will meet this evening and select the team to represent Edmonton at the A.A.U. meet at Leithbridge on July 1st. From the showing made last night and the excellent time registered, there is no doubt we will romp away with a large share of the prizes.

Fred Parney again proved himself a top-notch sprinter and, as usual, took down the 100 yards dash and the 220 yards. His time in both events was excellent. Dr. Follinsbee was unable to compete, but Drayton in the 100 yards and T. Buchanan, a 17-year-old boy, in the 220, gave Parney interesting contests.

Alex. Decoteau of the Irish, bore out all Trainer Buchanan's golden predictions, and won the mile and half mile. His victory in the former event was a hollow one, and he had a safe lead on Williams in the half mile.

Williams took the quarter mile, with Buchanan a very good second.

The walking race went to C.F. Dunham, Y.M.C.A., who held back for the first half mile, and then came with a rush.

G. H. McDonald won the broad jump and A. C. Creelock, who is also a hurdler, took the high jump.

John Cameron of the Police took the 16-pound shot put with Moir, Calles, second, while Moir won the hammer throw, D. Fraser, Police, second.

Reidford won the 56-pound weight contest, Cameron getting second place. Gibson, a new comer, won the discus contest, this being the first time a discus has ever been thrown in Edmonton.

G. H. MacDonald, Y.M.C.A., took the pole vault, John Cameron of the Police, who is a new comer in this department, being a good second. The tug-of-war was very interesting as four well balanced teams participated. T. Landsman's quartette pulled Gus Noelch's sturdy over the line twice, and Haig's men did the same for Radigan's huskies. The final between Haig and Landsman resulted in the former taking two straight pulls.

The officials were: Referee, Professor Edwards of Alberta University;

track judges, Messrs. J. Zorman, H. H. Hall and H. F. Christie; field judges, Messrs. P. Dunne, D. Tidbury and Morrison; starter, Rev. Robert Pearson; scorer, Mr. Robert English; clerk of the course, Mr. Joe Clarke; timekeepers, Messrs. John McPherson, T. M. McCallum and C. J. Griffiths.

One mile walk—1. Dunham, Y. M. C. A.; 2. Clark, I. C.; 3. Dunn, Police. Time 7:53 1-5.

One mile run—1. Alex. Decoteau, Irish; 2. A. E. Seward, Irish; 3. Nicholson, Y. M. C. A. Time: 4:31.

Broad jump—1. McDonald; 2. G. W. Wright, both of Y. M. C. A. Distance: 17 ft. 11 in.

Quarter mile—1. Williams, Y. M. C. R.; 2. Buchanan, Irish; 3. Laing, Calles. Time: 53 3-5.

High jump—1. Creelock, Y. M. C. A.; 2. Wright, Y. M. C. A.

Putting 16 lb. shot—1. Jno. Cameron, Police; 2. Moir, Calles; 3. D. Reidford, Calles. Distance: 39 ft. 38 in.

100 yards dash—1. F. S. Parney, Y. M. C. A.; 2. F. Drayton, Irish; 3. Dunham, Y. M. C. A. Time 1:23 seconds.

56 lb. weight—1. D. Reidford, Calles; 2. Jno. Cameron, Police. Distance: 2 ft. 10 in.

Pole vault—1st, G. McDonald, Y. M. C. A.; 2. F. Drayton, Irish; 3. Wallace, Irish. Height, 8 ft. 8 in.

Half-mile run—1. A. Decoteau, Irish; Williams, Y. M. C. A.; 2. H. Laing, Calles. Time: 2:04 1-5.

Tossing caber—Not competed for. 220 yards dash—1. Fred Parney, Y. M. C. A.; 2. T. Buchanan, Irish; 3. Dunham, Y. M. C. A. 23 4-5 seconds.

Throwing discus—1. H. Gibson, attached; 2. J. W. Wright, Y. M. C. A. Distance: 83 ft. 2 inches.

Throwing hammer—1. Moir; 2. D. Fraser; 3. Cameron, 96 feet, 6 inches.

Tug of war—First heat: Landsman (anchor), McCallum, Cook, and S. Mainstone took pulls from Terrace, Baston, Aikhen and Noelch, (anchor).

Second heat: A. M. Haig (anchor), A. Fraser, C. Davis and W. Coleman took two straight from T. Radigan, (anchor), J. Bagley, D. McAlfee and G. Henderson.

Final: A. M. Haig's team won from T. Landsman's team in two straight pulls.

## HEINRICH IS OUR HOODOO

As Usual, He Whitewashes Eskimos—We Didn't Even Get a Safe Hit This Time

Brandon, June 16.—Heinrich opened the Edmonton series last night in a very auspicious manner, leaving the Eskimos at the end of nine hard struggling sessions both hitless and blank.

Grady, Edmonton's slab artist, was touched for eight hits, one a two-sagger, but received good support in the field. McDonald, a new outfielder from the Wisconsin-Illinois League, appeared in Bradford uniform for the first time, and was there with the pinch hit that brought in the first run in the seventh inning. Both Brandon runs were earned.

## AVERAGES FOR MAROON SERIES

The Light Hitting in Last Game Made Batting Averages Drop—Dell Is the Leader

The Eskimos took their first series on the road from the Maroons, with the greatest thoroughness, making a clean up sweep of the three games. Dell, Grady and Delmar were the winning pitchers.

The figures for the runs, hits and errors are:

**AB. R. H. E.**  
Edmonton ..... 17 25 6  
Winnipeg ..... 6 13 10  
Any who do four hits leads the batting averages for the series? Why, Slim Dell, the Utah Adonis. Dretchko is second, and Peter Moose, third. Moose Baxter failed to get a safe hit and his average will take a considerable drop.

**The Batting Averages**

Name ..... A. B. H. E.  
Dell ..... 2 4 460  
Dretchko ..... 8 4 500  
Morse ..... 12 5 416  
Spencer ..... 300  
Cox ..... 3 250  
Mills ..... 12 3 250  
Grady ..... 1 1 250  
Luss ..... 10 2 200  
Quigley ..... 10 2 200  
Beller ..... 2 0 000  
Baxter ..... 11 0 000

Morse, Quigley and Dretchko divided the six errors, the three players putting up errorless ball.

In extra base hits, Mills, Quigley, Dretchko and Morse made two baggers while Bill Luss drove out a very satisfactory homer.

Quigley and Spencer both purloined two sacks, while Dretchko and Luss also broke into the crime.

Sacrifice hits, a very necessary adjunct to inside baseball and earned runs, were badly down by Mills, Dretchko and Quigley.

The Edmonton flingers issued only eight chances in the three games. The apology for a diamond that the boys are compelled to play on, they are putting up a good article of ball and this game will be well worth talking in. Game called at 6:30.

## CITY BASEBALL LEAGUE

The two leading teams in the City Amateur league will meet this evening at Taylor Park. In spite of the apology for a diamond that the boys are compelled to play on, they are putting up a good article of ball and this game will be well worth talking in. Game called at 6:30.

## WHAT LACROSSE COSTS A MAN

Its the Extras, Not the Admission to the Grounds, That Make the Outing Expensive

The average cost to the average man to see the average lacrosse game (as figured out by our specialist, and "high cost of living" specialist, says the West Westminster News. The specialist was given a large staff and two weeks and told to go ahead and today we are able to place the results of his work before the public.

The total may seem startling to anyone who has not made a deep study of the matter, but we can assure our readers that nothing here is exaggerated and the calculations are guaranteed sound.

The letters opposite the figures indicate notes, as some of the items are slightly complex and need explaining.

The cost of the game to the average spectator may be figured out as follows:

Admission to grounds ..... \$5  
Admission to grand stand ..... 25  
Peasants ..... 5  
Accident insurance ..... 25  
Cushion ..... 13  
Damage to nerves (estimated) ..... 236  
Damage to voice (estimated) ..... 236  
Hat ..... (D) 350  
Outing for wife and child (D) 780  
Sporting extra ..... 5  
Three drinks ..... (C) 30  
Pipe stem ..... (D) 20  
Street car fare ..... 10  
Postage stamps ..... (C) 2  
Total ..... \$154

Taking 1063 people as the average attendance at the average game it will be seen that the enormous sum of \$61,582.25 is spent by the spectators. Of this \$69,225 goes to the lacrosse clubs, \$9815 to the peasant man, and the rest is distributed among individuals and corporations.

(a) This item is not for the spectator's hat but for the one belonging to the man in front of him. It has been calculated that the average man sitting in front of an average man at an average game is slightly bigger than the man behind him on an average, and so when the spectator (we will call him X to avoid confusion) gets excited and steps on the hat belonging to the man in front of him he must needs buy him another and the \$2.50 is included. This item is almost an invariable quantity.

(b) This item is based on the average objection an average man has for taking his average wife to a lacrosse match, and represents the amount that the average husband is willing to part with in order to appease his spouse. If a man is not married the case does not apply.

(c) This item is the most variable included in the estimate. When the home team wins the man drinks, excess, which is infinity, and when the home team loses he does not drink at all. Now the average between nothing and infinity has never been correctly stated and thirty cents is taken because that is the average price that a man leaves behind him in an average bar.

(d) In tense moments the average man bites his pipe stem off. As the average man's pipe is not of the best quality, it only costs him the average tax of 20 cents to have it cured.

## SONS OF ENGLAND VS. NORWOOD

This match which will be played to-night, Friday, should be a very strenuous one as both teams will be full strength. The Sons of England are being pressed hard for two hours in the league and will do their best to win. As Norwood were victorious when they met before, the spectators are assured of a good game tonight.

The following will line up for the Sons of England: Jessop, L. Jennings, Bell, Mayson, Warne, Wilson, Coates, Critchley, Fidler, S. Jennings.

For Norwood: Batters, C. Barchard and Blayney; Buchanan and Dowling.

## CROSS CUP TONIGHT

The second run this year for the Cross cup will be held tonight at 7:30 starting from the Y.M.C.A. The course will run north to the Boulevard, then east one block and again north to the corner of Delton and return on the same course. The distance is five miles.

The first race this year was won by Alex. Decoteau of the Irish Canadians. This time there are a large number of entries and the winner will be on the team to represent Edmonton at the provincial meet at Leithbridge on July 1st.

The Montreal lacrosse team, plays in Leithbridge on the return trip from the Stanley Cup series at Mcmister.

## CRICKET ON SATURDAY

The Edmonton Cricket Club will hold practices on every Tuesday and Thursday during the season on the new grounds, Twenty-first street. Next Saturday afternoon a game will be played between teams chosen by the president and the captain.

The game will start at 2:30 and so no delay will be experienced all those members who wish to take part are requested to be on hand at 2:15.

## ANY EXCUSE FOR THE MAROONS

Winnipeg Players Blame Their Poor Showing in West on the Scorers—Next!

The Maroons are trying to blame their poor showing while away, on the scorers of the western towns. Piper takes great exception to the scoring on his plays. He has no kick coming about his experiences in Edmonton. All that was required to fix up Larry's record while here, was a great big goose-egg. He was never noticed, either at bat or in the field. The Free Press says:

"The Maroons have some good yards to tell on the way scoring ball games is worked out by the scorers in the west. It is related that to get safe is credited as a safe hit, while many times an error is charged to the fielder, a hit on the same play being allowed a better. Beatty tells of a popular experience at Calgary. In one game he was charged with three errors, while the batters at the same time were credited with hits. Piper was also surprised when he looked at the box scores as handed out by the Calgary dopesters. In one game he had three safe hits, a base on balls and a sacrifice hit. According to all the laws of baseball scoring he should have been marked up as three errors at bat, but behold, the papers all show five times at bat. And again in Saturday's game at Medicine Hat the scorers are said to have been very generous with the Maroons, but more so with their own players. The Hatters were credited with 18 hits and the Winnipeg team had only two errors; but according to the Maroon boys, they must have had at least a dozen misplays. Piper thought it funny when he was given an error in Friday's game, when in reality he never had a chance during the contest. Larry was also given credit for a three base hit, when it was only an ordinary single, Bennett hitting it in centre field."

**SPECIAL, NON EST**

Edmonton athletes have been unsuccessful in their efforts to charter a special train from the capital to go to Leithbridge on the day of the A. A. A. meet, July 1st. The demand made upon the railways at that time, owing the Calgary fair, made it impossible for them to negotiate—Leithbridge Herald.

**ART. BURNS AND FITZ.**

Spokane, June 16.—Arthur J. Burns, the well-known Canadian Marathoner, left Spokane Sunday night for Salt Lake City, where he will go into active training for a race with Fitzgerald in San Francisco, returning to Spokane the latter part of the month for a race with Peter Terway, the local long distance jogger.

Burns has been trying to get into shape on the roads around Seattle, but declared Saturday that the weather is too chilly here and he will move to a more equable climate. He will take in the Jeffries-Johnson fight July 1st.

The Terway-Wilson-Birch race at the Natatorium Saturday night at 7 o'clock has been finally arranged for. Terway won the first race at Cœur d'Alene.

**STRATHCONA WON GAME**

A practice game of lacrosse was played at Strathcona last evening and the boys across the river beat Edmonton by 5 to 2. It was practically only a workout, as neither team was full strength. In fact there were only seven men on each side. The same teams will play in Edmonton on Wednesday night.

**HICKEY IS SIGNED**

Manager Deacon White has signed up Picher-Hickey, who has been with Vancouver for several years. Hickey is known as a hard luck twiler, as he seems to receive bad support. Well, here's hoping that Mr. Hickey doesn't check his hard luck, through to Edmonton along with his other collar. We don't want any hoodlums around Diamond Park.

Deacon White has a pretty nifty bunch of ball players. They field well and all of them have a knack of hitting the ball at the opportune moment—the misfits who wore the green shirts last year—Free Press.

Morse, the little shortstop of the visitors, certainly meets the bill on the nose. He grabbed three singles. He had a busy time in the field also.

That boy Baxter, the first sacker of the Alberta team, is a big fellow; he is able to grab anything that does not touch the clouds.

### About Town

Dr. J. D. Harrison has moved his office and residence from 513 Fourth street to 533 Sixth street.

We have letters here for boxes 10, 12, 13, 15, 19, 25, 26. Owners of these boxes will kindly call for same.

The regular meeting of the Plastering and Lathing Contractors' Association of the exchange will be held in the Exchange hall on Monday, June 20th, at 5 o'clock.

Tenders will be received up to June 23rd at the office of the Builders' Exchange for the construction of a two-story frame residence on the Grosvenor at K. D. McKenney. The plans of the residence may be seen at the office of W. Lines.

The ice cream and strawberry lawn social on the beautiful grounds of Mrs. Thos. Bellamy, 426 Second street, will be held on Tuesday evening next and not on Monday evening as stated in last night's paper. There will be a sale of home cooking at the same time.

Next Monday evening a lawn social will be held on the grounds between St. Joachim's church and the convent on Tenth street. The girls' band will be in attendance. Special features will be a Japanese dance and Tent of Mystery. Ice cream and refreshments will be served.

The special committee appointed to consider the recommendations for salary increases in the engineering and power departments, met this morning, and in the main approval of the recommendations made by the heads of the departments some two months ago. The report of the committee will be presented to the council on Tuesday evening, the increases will then be finally ratified.

### EMPEROR WILLIAM IS IN NO DANGER

Has Inflammation of Tendon at Knee Joint and People are Anxious

Potsdam, June 17.—The Imperial physicians affirmed today that the Emperor's condition does not give rise to any anxiety whatever. The Emperor is suffering from inflammation of one of the tendons at the knee joint occasioned by horseback riding, and in view of the fact that His Majesty is just recovering from an abscess on the wrist his illness has caused some alarm.

A mule might kick, but if you get the HORNER'S LIVERY, you are getting nothing but pleasure.

## THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Dr. Seymour Archibald and family will shortly leave for their summer camp on Gull Lake.

The Rev. W. R. George of the Holy Trinity Church will leave Strathcona at the end of July, to take up his work in a new field of labor in British Columbia.

The president of the Board of Trade, T. M. Douglas, is expected back today. Mr. Douglas attended the Board of Trade conference at Brandon and afterwards went to Winnipeg on a business trip.

Mr. E. T. Baines, secretary of the Strathcona Industrial Exhibition, announced this morning that everything was in readiness for the Dominion Day celebration and all that was wanted was "a fine day and a big crowd." Racing men have pronounced the track to be in perfect condition and the racing will be of a high order if the weather is fine.

### Special Council Meeting

At the special meeting of the city council, last evening, a letter from Graham & Stanger was read, cancelling

their tender for the water and sewage contract. Graham & Stanger was the firm that sent in the lowest tender, \$11,248, a matter of \$2,599 lower than that of Messrs. Gilliland & Splayford who tendered for \$13,847.

The reason for withdrawing the tender is not known, though it is supposed that the firm found afterwards that the work could not be done at the price. It will be remembered that at the last council meeting it was suggested that that would be the case, but it was determined that a satisfactory bond should be secured before awarding the contract. The matter was then referred back to the water and sewage committee to report on.

The council meeting was very brief and very little other business was done, excepting the discussion of a by-law to arrange with the city's bankers to make the necessary payments to the C. P. R. as the city's share of the cost of the high level bridge. This matter was referred to stand over until next Tuesday's meeting.

A petition asking for water was also received by the council from the Western Clay Works.

### AMUSING COMEDY AT THE EMPIRE

An amusing farce comedy was presented at the Empire Theatre last night by the Eckhardt Company. "Brown's in Town" was the name of it. It had to do with a young couple who had been secretly married and were living in a secluded spot under an assumed name. The complications arose out of the fact that they were found out by everybody who should not have found them out and everybody who wasn't wanted settled down in that particular secluded spot.

The whole thing was very farcical and the audience who was above the average at the Empire seemed very much amused. The company was a capable one, the women members particularly taking their parts in a natural and pleasant way. Mr. Oliver Eckhardt hardly looked the young man in his twenties but in spite of this disadvantage was quite amusing. Tonight the company is giving the "Marriage of Kitty" and tomorrow "The Bishop's Carriage."

## RAISING MONEY FOR NEW SCHOOL

School Board Will Issue Debentures for One Hundred and Forty-Five Thousand

### THE SCHOOL AT DELTON

It Will Be Temporary Structure and Will Cost Twenty-Three Hundred

Two debenture bylaws were passed at last night's meeting of the school board, the first providing for an issue to the amount of \$115,000 for the erection of the Seventeenth street school, the debt being payable in thirty annual installments at a rate of five per cent. per annum. The second issue is for the purchase of school sites, improving school grounds, constructing fences and the laying of sidewalks. The amount is \$30,000 and is payable in ten annual installments at the same rate of interest as the other. The secretary of the board was authorized to announce the debentures for sale.

The finance report showed accounts to the amount of \$22,333.38 and the payment of these were authorized. The plans of the temporary school at Delton were approved and the contract for construction was let to Messrs. Stewart and Clyde, their bid being the lowest tender. In all eight tenders were opened and the amount asked by the successful firm was \$2,340.

The resignations of three teachers were presented to the board and in each case they were accepted. The teachers who are leaving the employ of the city are Miss Mary Lawson, Miss Gertrude Douglas and Mr. C. O. Hicks. The resignations of other teachers have been considered at previous meetings. Quite a discussion arose from the request of several teachers that they be allowed to leave several days before the close of the term and draw pay for the full time. Superintendent McCaig remarked that there was an epidemic of matrimony among the teachers and that the great majority of those who were resigning were to take the fatal step. It was decided that the teachers who are leaving before the expiration of the term may be paid up to the time of their departure.

Miss Bessie Hyndman and Miss Ann Watt were appointed grade teachers on schedule salary. Mr. R. H. Roberts was transferred to the mathematical mastery of the high school. Mr. Butterworth was appointed supervisor of music, and Mr. W. Thompson, supervisor of art.

The board approved of the action of the building committee in accepting the tender of the Burnham-Frith Company for the electric wiring of the new high school. The figure was \$2,070. The building committee also reported that the building commissioner had had the ravine in the grounds of the Alexander Taylor school filled in, the amount of earth being about 1,873 tons.

Superintendent McCaig presented the attendance report for the month of May. There were 2,357 pupils enrolled and out of that there was an average attendance of 1,938 daily, which is 28 per cent. higher than the corresponding month last year. Queen's avenue school had the largest average attendance for the month, the number being 385 out of a total enrollment of 433. Norwood was second with an average of 358 out of an enrollment of 426.

A letter was received from Col. Cruickshank of Calgary highly commending the public school children for the splendid showing they made in the recent inspection and also paying tribute to the good work of the faint instructor.

A resolution was passed asking the building commissioner to make a valuation of the school buildings in order that fire insurance may be placed on them.

It was decided after a little discussion that the opening of the schools after the summer holidays will take place on August 29th.

The superintendent will attend the conference which is to be held with the provincial authorities in reference to a revision of the programme of studies.

For Dominion Day, July 1st, the Canadian Pacific Railway Company announce a rate of fare and one-third for the round trip. Tickets will be on sale June 29 to July 1st inclusive, final return limit July 4, 1910.

## ALL JOINING IN HOSPITAL SUNDAY

Procession Promises to Be Large one and Public Meeting Very Interesting

### ROUTE OF PROCESSION

Citizens Band and the Salvation Army Band Will Assist in the Music

The directors of the City Hospital, together with the Ladies' Hospital Aid have been working strenuously during the past ten days to make Hospital Sunday, which is being held next Sunday, a big success.

Arrangements have been made for the procession to start from Jasper avenue east at about 2 p.m. Colonel Edwards has given his consent for the first band to join in the procession and play on the grounds, the Caledonians are bringing out a Pipers' band and the Salvation Army are also assisting in the music. Three of the local ambulances will join in the procession and owners of automobiles are being asked to bring their cars. As many as possible of the local fraternal orders have been asked to join in the procession and several have signified their intention of joining in, and help make the day a huge success. The matter has also been taken up with the Trades and Labor Council, and they are calling a mass meeting for Saturday when the matter will be decided.

The procession starts from Jasper avenue east at 2 o'clock on Sunday afternoon and will proceed west on Jasper avenue to the corner of Third, then south of Victoria avenue, then east along Victoria and College avenues to the corner of McDougall and down the Ross grade to Diamond park. President Frank Grey of the baseball club, has given his consent for the use of Diamond Park for the afternoon, but arrangements have been made in case of rain for the procession to go straight to the Empire Theatre on Third street.

The choir will be taken by 115 St. John's or the Lieutenant Governor and the speakers for the afternoon will be Mrs. Arthur Murphy, president of the Ladies' Hospital Aid; President A. C. Fraser, of the hospital board, and Alderman Hyndman. A massed choir in which all members of churches in the city are asked to join will be conducted by Captain Watts in conjunction with the bands. Other attractive features are being arranged.

### REVIVING BULL FIGHTS IN CUBA

Large Company With United States Capital Is Behind the Scheme

Havana, June 17.—A bill legalizing the revival of bull fighting has been favorably reported on by the committee to the House and is now awaiting further action. The bill gives a company, the capital of which is principally American, the concession for thirty years to operate a Monte Carlo on a track near Camp Colón, at which the attraction will be gambling, bull fights, cock fights, horse races and other sports.

### CLAIM TO BE SETTLED

London, June 17.—The Times understands that Mr. James Bryce, the British ambassador at Washington, has been authorized to sign the pecuniary claims agreement with the United States.

In the general arbitration treaty between Great Britain and the United States, which was signed in April, 1908, a proviso was made that the treaty would not apply to existing pecuniary claims which, therefore, were left open for future negotiations.
